

SUBJECT INDEX*(Volume 37, March 2011–December 2011)***UROONCOLOGY**

Factors affecting recurrence and survival in patients who underwent radical prostatectomy for prostate cancer	1
Relationship between serum PSA and testosterone levels in two different geographic regions of Turkey.....	9
Laparoscopic radical prostatectomy for locally advanced prostate cancer: our initial results	14
Urodynamic evaluation of patients with studer orthotopic urinary diversion and the impact of body mass index on	20
micturition parameters	
Predictive value of R.E.N.A.L. nephrometry score in robotic assisted partial nephrectomy	81
Incidental detection of asymptomatic chronic prostatitis and benign prostate hyperplasia in patients with high serum	86
PSA levels: a preliminary retrospective study	
Tyrosine kinase inhibitors for the treatment of metastatic renal cell carcinoma: what urologists should know	91
Changes in patients' quality of life following treatment of localized and metastatic prostate cancer.....	184
VHL gene mutation in patients with renal tumors	191
Evaluation and surgical approach of surrenal masses: experience of Trakya University	198
Evaluation of epithelial lesions of the bladder in an autopsy series	278
Pathological features of incidental and symptomatic renal cell carcinoma	282
Is substaging necessary in patients with pathological stage T2 prostate cancer	288
Diagnosis and management of biochemical recurrence in patients with prostate cancer who received definitive treatment.....	295
Salvage therapies for radiorecurrent prostate cancer.....	350

ENDOUROLOGY

Diode laser in the treatment of benign prostatic enlargement: a preliminary study	25
Internal urethrotomy versus plasmakinetic energy for surgical treatment of urethral stricture	30
What is the difficult case in ureteroscopic stone surgery	34
Comparison of miniperc and conventional percutaneous nephrolithotomy in pediatric renal calculi	99
Safety and efficacy of percutaneous nephrolithotomy in obese patients	105
Percutaneous nephrolithotomy in supine position: first series in Turkey	204
Efficacy of a percutaneous antegrade approach for the treatment of large upper ureteral stones: single-center experience	210
Factors affecting treatment success of staghorn calculi: stone burden or stone locations.....	217
Is it mandatory to use a guidewire and to collect the stone fragments in lower ureteral calculi.....	303
The need for additional equipment after ESWL in ureteroscopic lithotripsy	307
Is percutaneous nephrolithotripsy still a reasonable treatment option for large upper ureter stones.....	311
KTP laser photoselective vaporization of the prostate: an initial experience	316

LAPAROSCOPY

Contribution of applied urologic laparoscopy course on the education of scrub nurses: a survey study.....	112
Transperitoneal robotic pyeloplasty: our initial experiences	118

Laparoscopic transperitoneal pyelolithotomy as an alternative to percutaneous nephrolithotomy for stones in anomalous kidneys: a preliminary report	223
---	-----

ANDROLOGY

Effect of methionine synthase A2756G and methionine synthase reductase A66G gene polymorphisms in male infertility	38
Testicular serum chitotriosidase levels in varicocele patients	123
An update on testicular prostheses	128
Relationship between testicular sperm extraction results and AZF gene mutations	229
Evaluation of antioxidant effect of resveratrol on testicular tissue in rats that were exposed to cigarette smoke	235
Evaluation of information about urologic disorders on the Internet: a pilot study of varicoceles	321
Adaptation of women's to sexual life during the postmenopausal period	326

PEDIATRIC UROLOGY

Genital anomaly and complication rates among circumcised children in Kastamonu region	43
Diagnostic evaluation of infants with antenatal hydronephrosis	47
Our results of tubularized incised plate urethroplasty in cases with primer and recurrent hipospadias	136
Age of surgery for undescended testes in the peripheric regions of Turkey	242
The effect of using a tourniquet during operation for patients with distal hypospadias on operation success	331
Effectiveness of 4.5 F semirigid ureteroscope (Mini-URS) in the management of ureteral stones in children younger than 3 years of age	335

GENERAL UROLOGY

Correlation between the amount of extracted tissue and PSA levels for benign prostatic hyperplasia patients treated with transurethral resection of the prostate	54
Epidemiology of forensic cases in a urology clinic	58
Urethroplasty for the anterior and posterior urethral stenosis: our 14 years of experience	142
Deterioration of renal function in patients operated for lower urinary tract symptoms	147
Frequency and awareness of inguinal and genital organ anomalies among men in military age	153
Metabolic evaluation in patients with recurrent calcium oxalate Stones	242
Current situation of renal stone treatment: a cross-sectional survey from İstanbul	252
Relationship between condom usage and lower urinary tract symptoms in sexually active young men	257
Evaluation of ureteric jet flow with Doppler ultrasonography during manual compression	341
When intersect the roads of a priest, the "Sun King" Louis XIV of France, beauties of ancient Egypt, and Molière?	357
An alternative overview to history of science of medicine	

CASE REPORT

An interesting case of urinary incontinence and long-standing? ureteric JJ stent	63
A renal cell carcinoma case presenting with bilateral adrenal metastasis	67
Organ preservation surgery for bilateral epididymal sarcoidosis: a case report	71

Leiomyoma originating from the vas deferens.....	75
Percutaneous nephrolithotomy operation in a patient with severe kyphosis due to ankylosing spondylitis	77
Short-term spontaneous recovery of bilateral renal injury (grade IV) following blunt trauma: case report	159
Adult pelvic neuroblastoma: long-term survival and review of the literature	167
Carcinosarcoma/sarcomatoid carcinoma of the urinary bladder with features of malignant fibrous histiocytoma: the role of p53 in growth of the tumor	172
A novel complication of self-circumcision: penile skin avulsion	177
Omental cake formation in renal cell carcinoma: A case report and review of the literature	180
A case of late stage bilateral testicular adrenal rest tumor in 11-beta-hydroxylase deficiency	264
Anterior urethral diverticulum with multiple stones presenting as scrotal mass	269
A case of trifid pelvis with ureteropelvic junction obstruction	272
An unusual foreign body in the urinary bladder: beading awl.....	275
Urothelial tumor of the ureteral stump developing 25 years after a simple nephrectomy	364
Intrathoracic kidney with a right-sided Bochdalek hernia: a case report.....	366
Penile lymphangioma circumscriptum in advanced age: a rare case	369
Placenta percreta with bladder invasion: a rare cause of hematuria in pregnancy	372
Anterior sacral meningocele mimicking bladder neck rupture on ultrasonography	375
